

「日本の伝統を日常へ」^{くらし}を合言葉に YamakaDraw^{from Japan}® を造りました!

We created YamakaDraw with our motto "Deliver Japanese handcrafts to daily life" in mind.

Natural materials; Friendly to man and environment.
Waterproof and scratch resistant. As time goes by,
you will be able to appreciate its natural aging effects and
create western atmosphere while enjoying Japanese-style.

Lacquer (Urushi) is referred to as "Japan" overseas.

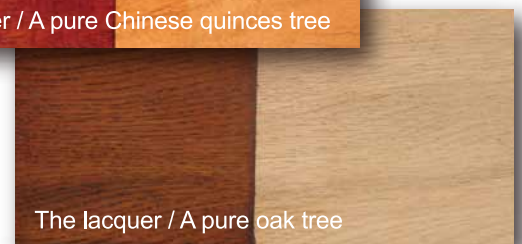

An Ideal Product

for people with allergies and sick house syndrome.

"The lacquer flooring" and "The lacquer natural wall panel" are made of maintenance-free, secure and warm touch natural materials. Dried-hard-lacquer never causes itchy rashes.
